It is the mission of Williamsburg Academy to create a safe, nurturing, Christian environment while providing students with an academically challenging curriculum that promotes critical thinking, social and moral responsibility, creativity, and teamwork and encourages each student to be his or her personal best while becoming independent thinkers and life-long learners.

We are proud to begin each morning with a daily devotion and Pledge of Allegiance.

The School of Choice

Williamsburg Academy is an independent, college preparatory, co-educational day school for grades 3K-12. Williamsburg Academy is accredited at the Advanced level by the South Carolina Independent School Association and is also a member of the Palmetto Association of Independent Schools. By selecting Williamsburg Academy, parents are providing their children with an academic tradition that is filled with achievement and success.

The student population represents students of various racial, religious, ethnic, and socioeconomic backgrounds. Our students are actively involved in many academic as well as service organizations including the Student Council, Fellowship of Christian Athletes, Leo Club, Interact Club, National Jr. Honor Society and National Honor Society. Our students participate in projects that will have an impact not only on their school but also on their community. Williamsburg Academy students place a high priority on academics. This is evident by the number of students who continue their education after high school.

The Williamsburg Academy Faculty puts students first and is dedicated to the mission of providing students with the best education possible.

Please call for more information or to set up a tour of our campus.
